# FELIX KIPNG'ETICH MUTAI

## FRONTEND DEVELOPER | WEB APPLICATION ENGINEER

Nairobi, Kenya | +254 705 480 676 | +254 790 097 839 | gmutai.felix@gmail.com | mutaidev.co.ke | linkedin.com/in/felix-mutai-32bb41438

## PROFESSIONAL SUMMARY

Innovative, user-centric Frontend Developer and Web Application Engineer with hands-on experience designing and building responsive, high-performance web applications and intuitive user interfaces. BSc in Information Technology from JKUAT with proven mastery of JavaScript (ES6+), HTML5, CSS3, Vue.js, and component-driven architecture. Accomplished in bridging UI/UX wireframes (Figma) with robust backend REST APIs and relational databases (MySQL, SQLite). Grounded in 5+ years of software quality assurance on uTest/Testlio, ensuring that every line of code meets the highest standards for cross-browser compatibility, accessibility (WCAG), mobile-first responsiveness, and load-time performance.

## CORE TECHNICAL COMPETENCIES

- **Frontend Technologies:** JavaScript (ES6+), Vue.js, HTML5, CSS3, Flexbox, CSS Grid, Responsive Web Design (Mobile-First), Bootstrap
- **UI/UX Design & Prototyping:** Figma (Auto-Layout, Design Systems, Interactive Prototypes), Canva, Adobe Creative Suite, User Journey Mapping
- **Backend Integration & Data:** RESTful APIs, JSON, Node.js Fundamentals, MySQL, SQLite, XAMPP, Asynchronous Request Handling (Fetch / Axios)
- **CMS & Web Platforms:** WordPress Theme Customization, Elementor, SEO Optimization, Domain & DNS Configuration, Apache/Nginx Hosting
- **Version Control & Build Tools:** Git, GitHub, GitLab, NPM, Webpack/Vite Basics, Chrome DevTools Debugging
- **Quality, Security & Testing:** Cross-Browser Testing, Usability Testing, Lighthouse Auditing, Cisco Cybersecurity Essentials, Linux Environment

## PROFESSIONAL EXPERIENCE

**Web Application Development Intern | Kinetics Technologies** *Jun 2025 – Aug 2025 | Nairobi, Kenya*

- Developed and deployed clean, modular frontend components and internal dashboards utilizing Vue.js, JavaScript (ES6+), HTML5, and CSS3.
- Rapidly learned the Vue.js framework to deliver a full-stack internal management dashboard on time, exceeding team sprint goals.
- Integrated frontend client components with backend REST APIs, optimizing asynchronous data requests and eliminating UI rendering lag.
- Maintained version control integrity across feature branches using Git, participating in code reviews and Agile sprint ceremonies.
- Conducted comprehensive cross-browser and mobile device compatibility testing, ensuring 100% responsive fidelity across desktop, tablet, and mobile screens.

**Freelance Web Developer & UI Designer | Self-Employed / Fiverr** *Apr 2021 – Present | Remote*

- Architect, design, and deliver bespoke, high-conversion websites for international clients, businesses, and personal brands.
- Translate client requirements and Figma mockups into pixel-perfect, accessible, and responsive web pages with clean semantic markup.
- Configure, deploy, and maintain WordPress websites, developing custom layouts, implementing robust security hardening, and tuning Core Web Vitals.
- Manage end-to-end web deployment pipelines: domain registration, DNS records, SSL/TLS certificate installation, and Linux-based cPanel/web hosting configuration.
- Maintained 100% 5-star customer satisfaction on project deliveries through proactive communication and prompt revisions.

**Software Quality Assurance Tester (Frontend Focus) | uTest & Testlio** *May 2021 – Present (uTest active since Oct 2019) | Remote*

- Perform exhaustive visual, layout, and functional regression testing across leading consumer web platforms and SaaS web apps.
- Diagnose CSS styling conflicts, broken DOM layouts, JavaScript console exceptions, and asynchronous race conditions using Chrome DevTools.
- Submit actionable bug tickets containing DOM inspect details, viewport resolutions, and network payloads to streamline engineer bug fixes.

**IT Systems & Automation Intern | Ananda Marga Universal Relief Team (AMURT)** *Feb 2022 – Sep 2022 | Nairobi, Kenya*

- Maintained user-facing interfaces and digital records systems for administrative tracking tools (Employee Tracker, Portfolio Analyst).

- Automated administrative reporting pipelines and payment processing workflows, drastically improving staff efficiency and data entry accuracy.

## FEATURED PROJECTS

**Personal Developer Portfolio (mutaidev.co.ke)** | **Live Portfolio & Showcase** *2024 – 2026*

- Designed and engineered a fully responsive personal developer portfolio showcasing frontend engineering projects and technical certifications.
- Optimized for high-speed performance, sub-second load times, mobile accessibility, and clean modern aesthetic.

**MGas Graphic Design & UI Assessment Showcase** | **Design & Interface Project** *2026*

- Produced comprehensive corporate branding assets and user interface prototypes aligning with enterprise design guidelines.
- Synthesized brand identity, typography, and visual hierarchy into intuitive marketing and digital product layouts.

## EDUCATION

**Bachelor of Science in Information Technology (BSc IT)** | **Jomo Kenyatta University of Agriculture and Technology (JKUAT)** *Graduation: August 2026 | Nairobi, Kenya*

*Coursework Completed. Specialized in Software Engineering, Web Systems, and User Interface Architecture.*

**Diploma in Information Technology (Credit Award)** | **Jomo Kenyatta University of Agriculture and Technology (JKUAT)** *Conferred: December 2022 | Nairobi, Kenya*

## CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

**AWS re/Start Graduate (Cohort 15) – Cloud & Infrastructure Specialization** | **Amazon Web Services (AWS)** *2026*

**Cisco Cybersecurity Essentials** | **Cisco Networking Academy** *2021*

**Deloitte WorldClass Professional Program (9 Certificates)** | **Deloitte WorldClass Education Hub** *2026*
